EZX Connects Clients to Liquidnet Overnight

Westfield, NJ, October 11, 2007 --(PR.com)-- EZX makes connecting to Liquidnet an overnight process. EZX's new hosted service, EZX ASP™ connects buy-side institutional investors quickly and efficiently enabling them to trade in Liquidnet. Through EZX ASP™ clients have full access to the Liquidnet Natural and Liquidnet H2O liquidity pools.

Greg Nadan, CIO of EZX, said "There is absolutely no reason to miss out on weeks or months of deals in the world's largest dark pools of liquidity when EZX ASP™ can get you there overnight."

EZX Inc. is a provider of electronic trading solutions focused on time to market. EZX ASP™ provides world-class service and customer support at extremely competitive prices.
